Underground Paper Runs List of Narcotics Agents

S1 8-8-69

LOS ANGELES (AP)—The antiestablishment Los Angeles Free Press has published what it identifies as a list of 80 state narcotics agents—with addresses and telephone numbers—under the headline "Know Your Neighborhood Narc."

The publication of the list was termed a "wildly irresponsible act" by California Chief Dep. Atty. Gen. Charles A. O'Brien, who said he could "neither confirm nor deny" the list's accuracy.

The list said the narcotics agents were based in Los Angeles, Santa Ana, San Diego, and San Francisco. Narcotics bureaus in Sacramento and Fresno were left out.

O'Brien said an investigation had been launched by the attorney general's office but declined to say what action might be taken.
